INDEX TO VOLUME XLI

Andervont, Howard B. and Margaret R. Lewis, The inactivation of the chicken tumor virus by means of aluminium compounds..... 185
Anemias, Extramedullary hematopoiesis in..... 104

Blackfan, Kenneth D. and Bengt Hamilton, A study of the inorganic constituents of the serum in children with acute nephritis..... 322
Bolliger, Adolph, H. P. Doub, F. Janney Smith and F. W. Hartman, Heart lesions produced by the deep x-ray. An experimental and clinical study..... 36
Bones, Transverse lines in, seen in x-ray plates..... 364
Book reviews.....67, 137, 174, 239
Brannan, Dorsey, Extramedullary hematopoiesis in anemias..... 104
Brown, J. Howard and Martin Frobisher, Jr., Transmissible toxicogenicity of streptococci..... 167

Calcification, Studies of, in vitro. II. Inhibitory effect of the magnesium ion..... 426
Chavarria, A. Pēna and P. G. Shipley, A contribution to the study of mycotic warts.. 11
Chesney, Alan M., Chas. R. L. Halley and Irmgard Dresel, On the behavior of granulating wounds of the rabbit to various types of infection..... 191
Chicken tumor virus, The inactivation of the, by means of aluminum compounds.... 185
Cholecystography, A clinical evaluation of, by the oral administration of tetraiodophenolphthalein..... 219

Davison, Wilburt C. and Robert Salinger, Tubular nephritis (nephrosis) in children and its relationship to other forms of nephritis..... 329
Diphtheria toxin, Metabolism following injection of, in dogs..... 400
Doub, H. P., Adolph Bolliger, F. Janney Smith and F. W. Hartman, Heart lesions produced by the deep x-ray. An experimental and clinical study..... 36
Dresel, Irmgard, Alan M. Chesney and Chas. R. L. Halley, On the behavior of granulating wounds of the rabbit to various types of infection..... 191

Eldridge, L. A. and Thomas M. Rivers, Bullous impetigo complicating varicella.... 354
Eliot, Martha, Susan P. Souther and E. A. Park, Transverse lines in bones seen in x-ray plates..... 364
Epileptic child, The acid-base composition of urine from an..... 389

Feirer, Wm. A. and Veader Leonard, The bactericidal activity of hexylresorcinol in glycerine..... 21
Frobisher, Martin, Jr. and J. Howard Brown, Transmissible toxicogenicity of streptococci..... 167

Gall-bladder, Morphological studies on the, II. The "true Luschka ducts" and the "Rokitansky-Aschoff sinuses" of the human gall-bladder..... 77

Gamble, James L. and Bengt Hamilton. The acid-base composition of urine from an epileptic child 389
Granulating wounds of the rabbit, On the behavior of, to various types of infection ... 191

Halley, Chas. R. L., Alan M. Chesney and Irmgard Dresel, On the behavior of granulating wounds of the rabbit to various types of infection 191
Halpert, Bela, Morphological studies on the gall-bladder. II. The "true Luschka ducts" and the "Rokitansky-Aschoff sinuses" of the human gall-bladder 77
Hamilton, Bengt and Kenneth D. Blackfan, A study of the inorganic constituents of the serum in children with acute nephritis 322
Hamilton, Bengt and James L. Gamble, The acid-base composition of urine from an epileptic child 389
Handley, H. E. and J. B. Pincus, Report of a case of fatal methyl salicylate poisoning. 163
Hartman, F. W., Adolph Bolliger, H. P. Doub and F. Janney Smith, Heart lesions produced by the deep x-ray. An experimental and clinical study 36
Heart lesions produced by the deep x-ray. An experimental and clinical study 36
Heller, George, The relation of the peritoneal mesothelial cells to the production of ascites 207
Hexylresorcinol, The bactericidal activity of, in glycerine 21
Holt, Emmett, Jr. and P. G. Shipley, Studies of calcification in vitro: IV. The effect of inorganic salts 437
Howland memorial exercises 311
Hurd, Henry Mills, M.D., Obituary of 155

Inorganic salts, The effect of 437

Josephs, Hugh W., Metabolism following injection of diphtheria toxin in dogs 400

King, J. H. and Lay Martin, A clinical evaluation of cholecystography by the oral administration of tetraiodophenolphthalein 219
Kramer, Benj., David H. Shelling and Elsa R. Orent, Studies upon calcification in vitro. II. Inhibitory effect of the magnesium ion 426

Leonard, Veader and Wm. A. Feirer, The bactericidal activity of hexylresorcinol in glycerine 21
Lewis, Margaret R. and Howard B. Andervont, The inactivation of the chicken tumor virus by means of aluminium compounds 185
Lewis, Warren H., The vascular patterns of tumors 156
Lymphatics of the gall-bladder of the cat, A study of the 226

Magnesium ion, Inhibitory effect of the 426
Martin, Lay and J. H. King, A clinical evaluation of cholecystography by the oral administration of tetraiodophenolphthalein 219
Methyl salicylate poisoning, Report of a case of fatal 163
Mycotic warts, A contribution to the study of 11

Nephritis, acute, A study of the inorganic constituents of the serum in children with .. 322
Nephritis (nephrosis), Tubular, in children and its relationship to other forms of nephritis 329

Orent, Elsa R., David H. Shelling and Benj. Kramer, Studies upon calcification in vitro: II. Inhibitory effect of the magnesium ion 426
Osler, Sir William, Presentation to the hospital of memorial plaque of, Special meeting of the Johns Hopkins Historical Club 139
Ovarian follicular hormone in the blood of the pregnant woman, A study of the 62

Park, E. A., Susan P. Souther and Martha Eliot, Transverse lines in bones seen in x-ray plates 364
Peritoneal mesothelial cells, The relation of the, to the production of ascites 207
Pincus, J. B. and H. E. Handley, Report of a case of fatal methyl salicylate poisoning. 163
Price, Harold, W. and F. F. Tisdall, The effect of sunshine on the acidity of the intestinal tract of rachitic rats 432

Rachitic rats, The effect of sunshine on the acidity of the intestinal tract of 432
Rivers, Thomas M. and L. A. Eldridge, Bullous impetigo complicating varicella 354

Salinger, Robert and Wilburt C. Davison, Tubular nephritis (nephrosis) in children and its relationship to other forms of nephritis 329
Shelling, David H., Benj. Kramer and Elsa R. Orent, Studies upon calcification in vitro: II. Inhibitory effect of the magnesium ion 426
Shipley, P. G. and A. Pena Chavarria, A contribution to the study of mycotic warts .. 11
Shipley, P. G. and Emmett Holt, Jr., Studies in calcification in vitro: IV. The effect of inorganic salts 437
Smith, F. Janney, Adolph Bolliger, H. P. Doub and F. W. Hartman, Heart lesions produced by the deep x-ray. An experimental and clinical study 36
Smith, Margaret G., Ovarian follicular hormone in the blood of the pregnant woman .. 62
Souther, Susan P., Martha Eliot and E. A. Park, Transverse lines in bones seen in x-ray plates 364
Streptococci, Transmissible toxicogenicity of 167

Thayer Lectureship, The presentation of the 1
Tisdall, F. F. and Harold W. Price, The effect of sunshine on the acidity of the intestinal tract of rachitic rats 432
Tumors, The vascular patterns of 156

Varicella, Bullous impetigo complicating 354

Winkenwerder, W. L., A study of the lymphatics of the gall-bladder of the cat 226
